PROCEDURE POLICY FOR WATER & SEWER

1. All new customers shall be required to make application for water service, and may request a Third-Party Notice Procedure. Such contracts for water service are non-transferable.
2. A service deposit of \$50.00 shall be collected from all new customers establishing an account for water and sewer plus one month sanitation fee collected in advance.
3. Water meters shall be read monthly where possible and bills for Water/Sewer/and Sanitation will be billed monthly. ALL BILLS ARE DUE UPON RECEIPT. All bills shall be deemed delinquent if not paid by the tenth (10th) of the month following billing.
4. FOR THE CONVENIENCE OF OUR CUSTOMERS, WE HAVE A DRIVE UP DROP BOX ON THE WEST SIDE OF CITY HALL.
5. In addition to the monthly usage fees, as established by Council action, all bills for water, sewer, and sanitation services which remain unpaid after the tenth of the month following billing will be subject to an additional ten (10%) percent charge of the total bill.
6. Arrangements for payment can be made BEFORE THE DELINQUENT DATE: ARRANGEMENTS FOR PAYMENT CAN ONLY BE MADE ONE TIME FOR EACH MONTHLY BILLING.
7. A DISCONNECT NOTICE will be sent on the 11th of the month. If payment is not received in our office on or before seven days from the date the disconnect notice is mailed; WATER SERVICE WILL BE DISCONTINUED. Water will remain off until ALL UNPAID BALANCES plus a reconnect fee of \$30.00 is paid. If the reconnection is done before 8:00am or after 5:00pm, the reconnection fee is \$60.00. Said fee and ALL CHARGES due must be paid before the water will be reconnected.

8. IF YOUR BILL IS COLLECTED AT THE BANK OR IS PAID BY CHECK AND THE BANK NOTIFIES US THAT THERE IS INSUFFICIENT FUNDS TO COVER AMOUNT, WATER WILL BE SHUT OFF IMMEDIATELY AND A CHARGE OF \$30.00 reconnect charge and an insufficient fund charge of \$25.00 will be added to the total amount due.
9. As a courtesy to our customers, we have a computer program that automatically calls your residence to remind you that your water will be shut off on a specific day and time if payment is not received in our office.
10. Residential Sewer rates will be calculated based on an average of water used during January, February, and March unless weather conditions prevent reading meters in a timely manner. This rate, billed in April, will be retained all year. (Commercial customers will have sewer use fees recalculated each month.)
11. For any new customer, and non-metered customers, the sewer use charge upon inception of usage will be a flat amount derived from the average residential customer usage, until the following April when they will be recalculated.
12. When a customer moves from one residence to another residence, the sewer use fee they had established at the former residence moves with them, until the following April when it is time to recalculate the rate.
13. Customers having a water leak that changes their normal sewer use during the months of January, February and March and have brought it to our attention, will have their sewer use fee adjusted when the leak is fixed. (They must notify us when the leak is fixed.) These customers are required to pay all sewer use fees assessed until the leak is fixed. The adjustment will normally be made by using the gallon figure from the next reading after the leak is fixed.

14. The disconnect notice for DOMESTIC SUBSCRIBERS only, shall contain the following information:
- The reason for proposed disconnection.
- A. A statement of intention to disconnect unless payment is made in full or arrangements are made regarding payment of bill. (Payment arrangements must be in WRITTEN FORM available at City Hall, and MUST BE MADE BEFORE BILLS ARE DELINQUENT.)

 - G. Welfare recipients may qualify for assistance in payment of the water bill and should contact their caseworker.
 - H. There will be a reconnection charge of \$30.00 plus payment in full after any disconnection, or other arrangements such as an installment payment plan may be made.
